PREFACIO

Es nuestro placer presentarles a ustedes el Catálogo de Partes.

Este Catálogo ha sido especialmente diseñado para ayudarle en la selección de las partes correctas con el fin de mantener el vehículo en las mejores condiciones.

Los repuestos originales están sujetos a un exigente estándar de control de calidad, por lo tanto es necesario que usted sólo use repuestos originales.

En nuestro constante esfuerzo para mejorar la eficiencia y desempeño de su vehículo, las especificaciones, diagramas y número de partes pueden cambiar sin previo aviso. Consecuentemente las descripciones de los repuestos en este Catálogo pueden no ser las finales y definitivas.

Las alteraciones y modificaciones que ocurren en la impresión de este Catálogo, serán informadas a nuestra red, a través de circulares de Servicio o en nuestra página web: www.autecomobility.com accediendo al link repuestos. Es requisito que usted actualice su Catálogo y haga las correcciones necesarias, una vez reciba dichas circulares. Lo anterior le asegurará un rápido y adecuado despacho de sus partes, pues las órdenes están siendo diligenciadas con las referencias más actualizadas.

En caso de necesitar asistencia técnica, comunicarse con el Distribuidor Autorizado o llamar al Departamento de Servicios Auteco Mobility.

PROPIEDADES

BENEFICIOS &

- **Buena protección contra el desgaste**
Ayuda a prolongar la vida útil del motor.
- **Estabilidad térmica y contra la oxidación**
Ayuda a mantener los motores limpios para proporcionar una operación más suave, posibilitando la extensión de frecuencia de cambios de aceite.
- **Buena protección contra la corrosión**
Protege los componentes críticos del motor contra los ácidos de la combustión y la humedad.

Recomendado para las motocicletas
con viscosidad **20W-50**

This technical diagram illustrates the exploded view of a crankcase assembly. The main assembly is shown with various components labeled with numbers 1 through 31. The components include:

- 1, 2:** Long vertical pins or screws.
- 3:** A small hook or latch.
- 4:** A small pin or screw.
- 5:** Multiple small screws or bolts around the top cover.
- 6:** A small pin or screw.
- 7:** A large circular flange or gasket.
- 8:** A small pin or screw.
- 9:** A small hook or latch.
- 10:** A small pin or screw.
- 11:** A large circular flange or gasket.
- 12:** A small pin or screw.
- 13:** A small pin or screw.
- 14:** A small pin or screw.
- 15:** A small pin or screw.
- 16:** A long vertical pin or screw.
- 17:** A small pin or screw.
- 18:** A small pin or screw.
- 19:** The main crankcase body.
- 20:** A small pin or screw.
- 21:** A small pin or screw.
- 22:** A small pin or screw.
- 23:** A small pin or screw.
- 24:** A small pin or screw.
- 25:** A small pin or screw.
- 26:** A small pin or screw.
- 27:** A small pin or screw.
- 28:** A small pin or screw.
- 29:** A small pin or screw.
- 30:** A small pin or screw.
- 31:** A small pin or screw.

 An inset diagram in the upper right corner provides a detailed view of the top cover, showing the arrangement of the screws labeled 4 and 5.

This technical diagram illustrates the exploded view of a vehicle suspension system, showing the following components:

- 1**: Small pin or bolt.
- 2**: Spring washer or spacer.
- 3**: Upper control arm bracket.
- 4**: Lower control arm.
- 5**: Coil spring.
- 6**: Lower control arm bush.
- 7**: Lower control arm bush.
- 8**: Lower control arm bush.
- 9**: Lower control arm bush.
- 10**: Lower control arm bush.
- 11**: Lower control arm bush.
- 12**: Lower control arm bush.
- 13**: Upper control arm bush.
- 14**: Upper control arm bush.
- 15**: Upper control arm bush.
- 16**: Upper control arm bush.
- 17**: Upper control arm bush.
- 18**: Lower control arm bush.
- 19**: Lower control arm bush.
- 20**: Lower control arm bush.

12

The diagram illustrates the assembly of a magneto component. The main assembly is shown in an exploded view, with parts numbered 1 through 9. Part 1 is the main magneto housing, which is secured by three screws (3) and three bolts (4). A cable (2) is connected to the housing and leads to a rectangular electronic module. A separate sub-assembly is shown in a dashed-line exploded view, consisting of a large circular component (6) and a smaller circular component (7). This sub-assembly is secured by three screws (5) and a bolt (8) with a washer (9).

[illegible]

This diagram illustrates the exploded view of a motorcycle helmet assembly. The components are numbered as follows:

- 1**: Main helmet shell, including the front, top, and rear sections.
- 2**: Chin guard assembly, including the outer shell and internal padding.
- 3**: Chin strap assembly, including the strap and buckle.
- 4**: Top cap screw.
- 5**: Front visor.
- 6**: Top cap nut.
- 7**: Top cap washer.
- 8**: Rear cap screw.
- 9**: Chin strap anchor.
- 10**: Chin strap anchor.
- 11**: Chin strap anchor.

15

This diagram illustrates the components of a carburetor assembly, numbered 1 through 12. The parts are shown in an exploded view relative to the main carburetor body (part 3).

- 1**: Two small screws or bolts used for mounting.
- 2**: A large, dark, irregularly shaped component, likely a gasket or filter element, positioned behind the main body.
- 3**: The main carburetor body, shown in a top-down perspective view.
- 4**: A small bracket or support piece with two mounting points.
- 5**: A rectangular component, possibly a float valve or needle valve, located below the main body.
- 6**: A long, thin rod or pin, likely a float pin, positioned to the right of the rectangular component.
- 7**: A small, curved metal piece, possibly a float arm or lever, located below the rectangular component.
- 8**: A small, rectangular component, possibly a jet or nozzle, located below the main body.
- 9**: A small screw or bolt used for adjustment.
- 10**: A small, cylindrical component, possibly a jet or nozzle, located below the main body.
- 11**: A small, cylindrical component, possibly a jet or nozzle, located below the main body.
- 12**: A long, thin rod or pin, likely a float pin, positioned below the main body.

This diagram shows the components of a door lock assembly in an exploded view. The components are numbered as follows:

- 1:** A small rectangular plate or spacer.
- 2:** A horizontal bar or linkage.
- 3:** Two small circular components, likely rollers or pins.
- 4:** A large circular component with a central hole, likely a lock cylinder or housing.
- 5:** A complex assembly consisting of a cylindrical body and a curved handle or lever.
- 6:** Two keys attached to a small metal ring or clip.

[illegible]

[illegible]

The diagram illustrates various types of fasteners and their quantities:

- Top Left:** Two bolts with nuts, labeled with a box containing the number 5.
- Top Center:** Four bolts, labeled with a box containing the number 2.
- Top Right:** Three bolts, each labeled with a box containing the number 3.
- Bottom Left:** Two washers, labeled with a box containing the number 2.
- Bottom Center:** Four washers, labeled with a box containing the number 6.
- Bottom Right:** Three washers, labeled with a box containing the number 6.
- Bottom Left (smaller):** Two bolts, labeled with a box containing the number 7.
- Bottom Center (smaller):** Two bolts, labeled with a box containing the number 4.

The diagram illustrates the assembly of the rear suspension components. It includes two side views of the rear suspension assembly (1 and 2) and two views of the rear suspension arms (3 and 4). The assembly steps are numbered 1 through 5.

1. Insert the rear suspension arm into the rear suspension assembly.
2. Insert the rear suspension arm into the rear suspension assembly.
3. Insert the rear suspension arm into the rear suspension assembly.
4. Insert the rear suspension arm into the rear suspension assembly.
5. Tighten the rear suspension arm bolts.

[illegible]

An exploded view diagram of a mechanical assembly. The components are labeled with numbers in boxes: 1 points to a long, curved, S-shaped metal bracket; 2 points to a small cylindrical pin or bush; 3 points to a vertical metal arm with a threaded top and a circular base; 4 points to a small circular washer or spacer; 5 points to a small metal pin or clip. The diagram shows how these parts fit together to form a complete assembly.

[illegible]

An exploded view diagram of a car seat headrest assembly. The main component is a dark grey, C-shaped headrest frame. To its right is a vertical support rod with a circular base. Below the frame are two sets of fasteners: a single bolt and a pair of small pins.

- 1: Points to the main headrest frame.
- 2: Points to the vertical support rod.
- 3: Points to a single bolt.
- 4: Points to a pair of small pins.
