CON EL RESPALDO

PREFACIO

Es nuestro placer presentarles a ustedes el Catálogo de Partes.

Este Catálogo ha sido especialmente diseñado para ayudarle en la selección de las partes correctas con el fin de mantener el vehículo en las mejores condiciones.

Los repuestos originales están sujetos a un exigente estándar de control de calidad, por lo tanto es necesario que usted sólo use repuestos originales.

En nuestro constante esfuerzo para mejorar la eficiencia y desempeño de su vehículo, las especificaciones, diagramas y número de partes pueden cambiar sin previo aviso. Consecuentemente las descripciones de los repuestos en este Catálogo pueden no ser las finales y definitivas.

Las alteraciones y modificaciones que ocurren en la impresión de este Catálogo, serán informadas a nuestra red, a través de circulares de Servicio o en nuestra página web: www.auteco.com.co accediendo al link repuestos. Es requisito que usted actualice su Catálogo y haga las correcciones necesarias, una vez reciba dichas circulares. Lo anterior le asegurará un rápido y adecuado despacho de sus partes, pues las órdenes están siendo diligenciadas con las referencias más actualizadas.

En caso de necesitar asistencia técnica, comunicarse con el Distribuidor Autorizado o llamar al Departamento de Servicios Auteco.

REVISADO ENERO DEL 2021

FIGURA N° 1: CULATA (2/2)

This diagram illustrates the assembly of a carburetor. The main components are shown in an exploded view:

- Part 1:** A circular gasket or seal.
- Part 2:** The main carburetor body, featuring a central air passage and a fuel inlet.
- Part 3:** A rectangular plate or cover that fits over the top of the carburetor body.
- Part 4:** Two small, cylindrical pins or screws used for securing the assembly.
- Part 5:** Two small, cylindrical pins or screws used for securing the assembly.
- Part 6:** A long, thin screw or bolt used to secure the carburetor body to the engine block.

3

This diagram shows an exploded view of a mechanical assembly. The components are numbered as follows:

- 1:** Two small pins or screws, one located on the upper left bracket and one on the lower right bracket.
- 2:** Two small cylindrical pins or bushings, one at the top of the right arm and one at the bottom.
- 3:** Two small washers or spacers, one on the left side and one on the right side.
- 4:** Two small rings or spacers, one on the left side and one on the right side.
- 5:** A central cylindrical component with a flange, likely a shaft or a core.
- 6:** A small cylindrical component, possibly a bush or a pin.
- 7:** A small pin or screw, located near the bottom left bracket.
- 8:** Two small circular components, possibly end caps or bushings, one on the left and one on the right.
- 9:** Two small cylindrical components, possibly bushings or pins, one on the left and one on the right.
- 10:** Two small circular components, possibly end caps or bushings, one on the left and one on the right.
- 11:** A small pin or screw, located near the bottom left bracket.
- 12:** A large, flat, L-shaped bracket or plate, likely the main support structure.
- 13:** A long, thin rod or shaft, likely a connecting rod or a lever arm.
- 14:** A long, thin rod or shaft, likely a connecting rod or a lever arm.
- 15:** Two coiled springs, one on the left and one on the right, likely providing tension or compression.

This diagram illustrates the exploded view of a mechanical assembly, likely a pump or engine component. The main housing is shown with various internal and external parts. The components are numbered as follows:

- 1**: A small circular component, possibly a seal or gasket.
- 2**: A small cylindrical component, possibly a pin or plug.
- 3**: A small circular component, possibly a seal or gasket.
- 4**: A small cylindrical component, possibly a pin or plug.
- 5**: A rectangular component with a grid pattern, possibly a filter or plate.
- 6**: A curved component, possibly a bracket or arm.
- 7**: A small circular component, possibly a seal or gasket.
- 8**: A small cylindrical component, possibly a pin or plug.
- 9**: The main housing or body of the assembly.
- 10**: A small cylindrical component, possibly a pin or plug.
- 11**: A small cylindrical component, possibly a pin or plug.
- 12**: A long, thin cylindrical component, possibly a shaft or rod.
- 13**: A small cylindrical component, possibly a pin or plug.
- 14**: A small cylindrical component, possibly a pin or plug.
- 15**: A small cylindrical component, possibly a pin or plug.
- 16**: A small cylindrical component, possibly a pin or plug.
- 17**: A small cylindrical component, possibly a pin or plug.
- 18**: A small cylindrical component, possibly a pin or plug.
- 19**: A small cylindrical component, possibly a pin or plug.

[illegible]

This diagram illustrates the exploded view of a mechanical assembly, likely a pump or motor component. The parts are numbered as follows:

- 1**: The main housing or base plate.
- 2**: Two circular end plates or covers.
- 3**: A small pin or screw used for securing the end plates.
- 4**: A small cylindrical pin or sleeve.
- 5**: Two small circular washers or spacers.
- 6**: A set of three stacked O-rings or seals.
- 7**: A small circular component, possibly a gasket or seal.
- 8**: A small cylindrical pin or sleeve.
- 9**: A small cylindrical pin or sleeve.
- 10**: A long, thin shaft or pin.
- 11**: A cylindrical component, possibly a bearing or a sleeve.

The diagram shows the relative positions of these components, indicating how they fit together to form the complete assembly.

[illegible]

This exploded view diagram illustrates the assembly of a mechanical component, likely a pump or motor. The parts are numbered 1 through 28. The main body (17) features a central shaft (18) with a pulley (25) and a coupling (26). A motor or actuator (15) is shown on the left, connected to the shaft via a coupling (11). A bracket (10) is attached to the bottom of the main body. A cable (26) is connected to the right side of the assembly. The diagram shows the relative positions of the parts, with dashed lines indicating the assembly path for the motor and bracket.

24	VHL16152A1A00	Abrazadera	1	
25	VHL16153A1A00	Manguera de Drenaje	1	

This diagram illustrates the exploded view of a mechanical assembly, likely a pump or motor component. The parts are numbered as follows:

- 1**: The main housing or base plate.
- 2**: A small circular component, possibly a seal or gasket.
- 3**: A larger circular component, possibly a cover or end plate.
- 4**: A cable or hose with a connector.
- 5**: A screw or bolt used for fastening.
- 6**: A small pin or clip.
- 7**: A small circular component, possibly a seal or gasket.
- 8**: A small circular component, possibly a seal or gasket.

The diagram shows the relative positions and assembly sequence of these components. The main housing (1) is the central component, with various parts (2, 3, 4, 5, 6, 7, 8) being attached to it. The exploded view shows the components separated, allowing for a clear understanding of their relative positions and how they fit together.

This diagram illustrates the assembly of a vehicle's rear suspension and steering components. The parts are numbered as follows:

- 1:** Multiple small U-bolts or clips used for securing the suspension arms.
- 2:** Two small pins or washers located near the bottom center of the assembly.
- 3:** Three sets of pins or washers located in the upper right area.
- 4:** Two small components, possibly bushings or spacers, located in the upper right area.
- 5:** A long, curved metal arm or bracket.
- 6:** Two small pins or washers located at the ends of the long arm.
- 7:** A small circular component, possibly a bushing or washer.
- 8:** A small circular component, possibly a bushing or washer.
- 9:** A complex mechanical component, possibly a shock absorber or strut.
- 10:** Two screws or bolts used for securing the lower components.
- 11:** A complex mechanical component, possibly a control arm or knuckle.
- 12:** A central hub or bearing assembly.
- 13:** Two small pins or washers located near the central hub.
- 14:** Two small pins or washers located near the central hub.
- 15:** A small metal plate or bracket.

FIGURA N° 21: ESPIGA CENTRAL

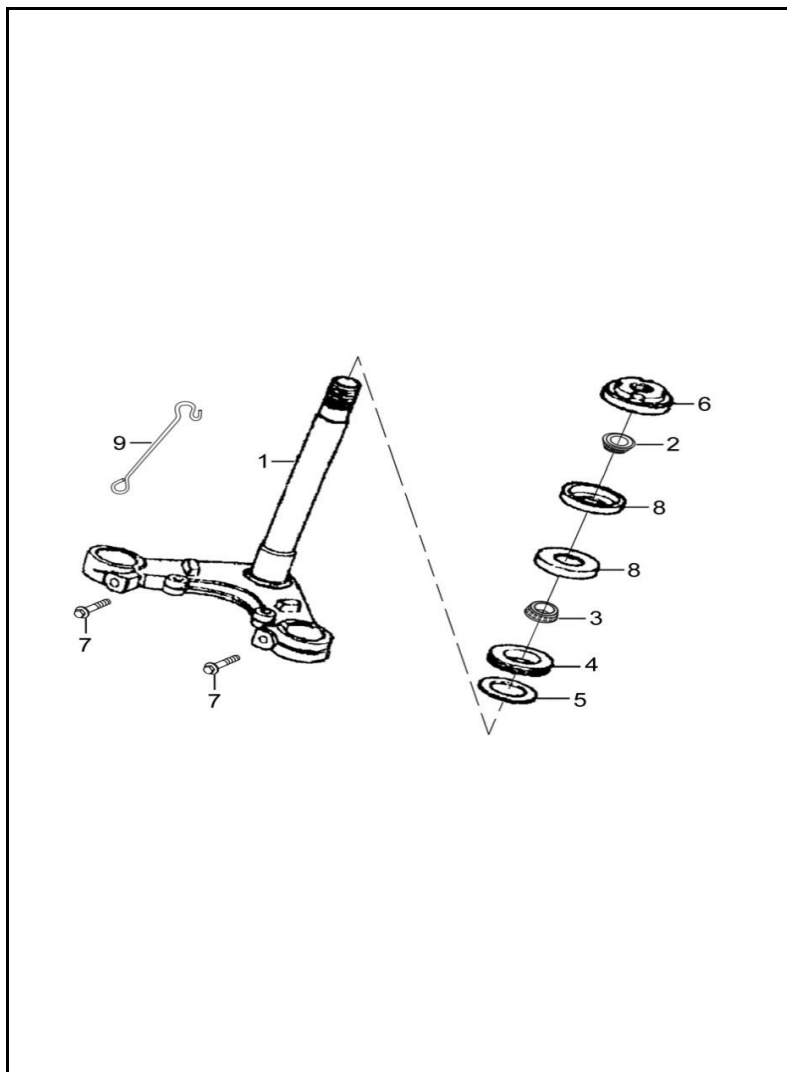

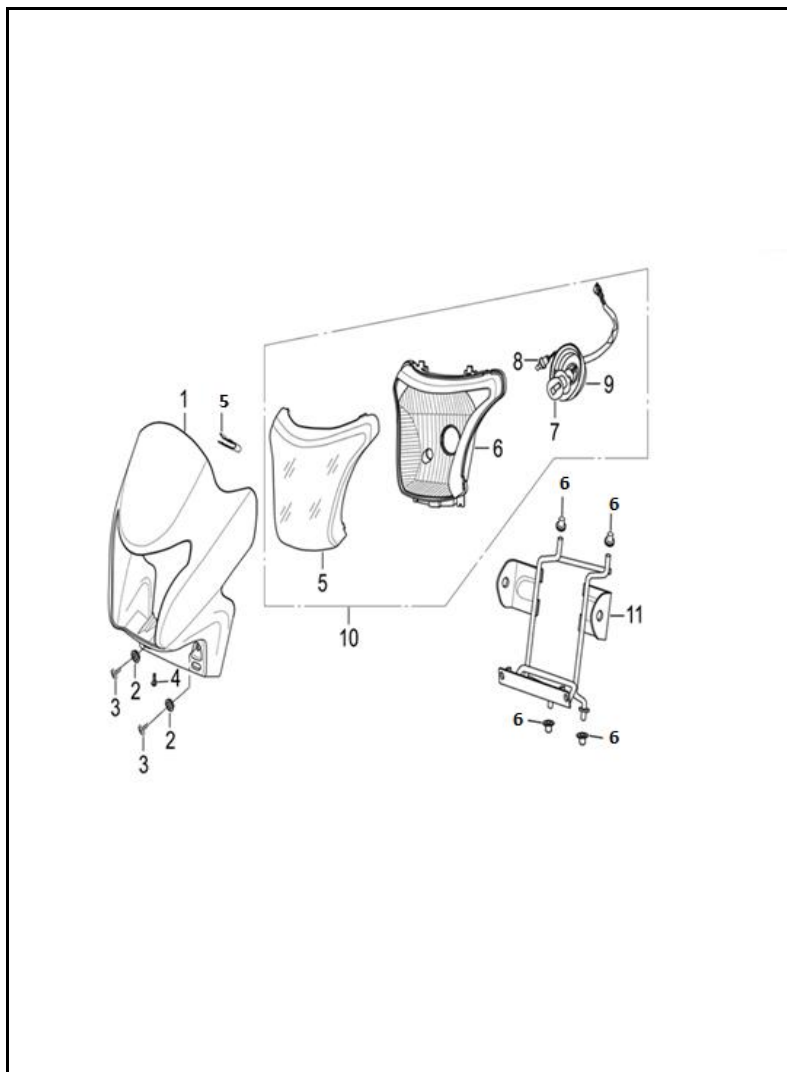

[illegible]

FIGURA N° 22: FAROLA - CARENAGE FAROLA

[illegible]

Exploded view diagram of a car stereo unit showing various components and their assembly points. The diagram includes a main stereo unit (12) with a faceplate (1), a cassette slot (2), and a display (6). A cable (3) connects the unit to a subwoofer (5). Various screws (10, 11, 15, 16) and washers (8, 14) are shown for assembly. A bracket (13) is used to secure the unit to a panel.

[illegible]

This diagram illustrates the assembly of a ski binding. The main components are labeled as follows:

- 1**: The ski binding body, which is the central component that attaches to the ski.
- 2**: The heel piece, which is attached to the rear of the binding body.
- 3**: Screws used to secure the heel piece to the binding body.
- 4**: Washers or spacers used in conjunction with the screws.
- 5**: Screws used to secure the toe piece to the binding body.
- 6**: The toe piece, which is attached to the front of the binding body.

The diagram shows the exploded view of these parts, indicating their relative positions and how they fit together to form the complete ski binding assembly.

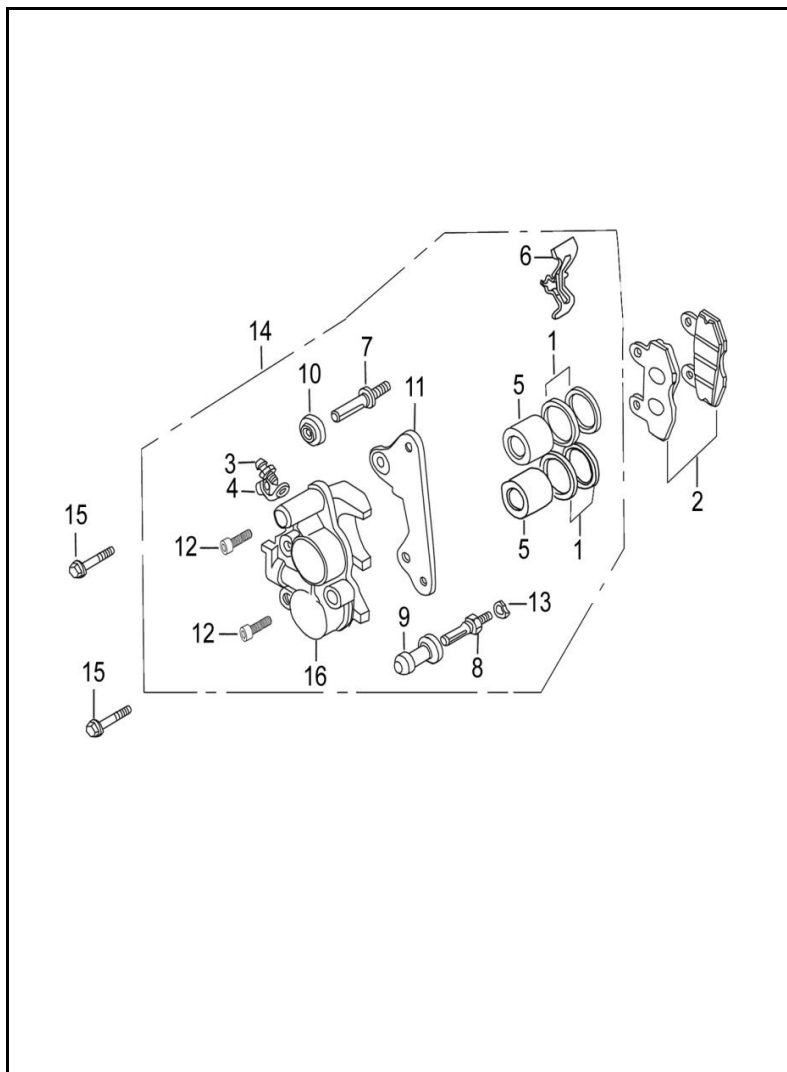

[illegible]

This exploded view diagram illustrates the assembly of a mechanical component, likely a door latch or handle mechanism. The parts are numbered as follows:

- 1**: Main rectangular housing or base plate.
- 2**: A long, curved metal rod or lever.
- 3**: Two small screws or bolts used for mounting.
- 4**: A small pin or clip at the bottom of the housing.
- 5**: Two small pins or clips used for internal assembly.
- 6**: A bracket or support piece on the left side.
- 7**: Four small circular components, possibly rollers or bushings, located at the ends of the rod.
- 8**: A small rectangular component on the top of the housing.
- 9**: A curved metal piece, possibly a spring or a guide.
- 10**: A small rectangular component on the side of the housing.
- 11**: A small rectangular component on the top of the housing.
- 12**: A long, coiled spring.
- 13**: A curved metal piece, possibly a handle or a lever.
- 14**: A small circular component at the bottom of the housing.
- 15**: A small pin or clip at the bottom of the housing.
- 16**: Two small rectangular components at the ends of the rod.

FIGURA N° 27: CALIPER DELANTERO

[illegible]

This diagram illustrates the exploded view of a car headlight assembly. The main component is the headlight housing (2). Key parts and their assembly locations are indicated by numbered callouts:

- 1**: Lens or cover cap for the top of the housing.
- 3**: Mounting bracket or base plate.
- 4**: Bolt or screw for securing the mounting bracket.
- 5**: Electrical connector or wiring harness.
- 6, 7**: O-rings or seals for the side mounting points.
- 8, 9**: Screws and a bracket for the side mounting.
- 10, 11, 12, 13, 14**: Various nuts, washers, and mounting hardware for the bracket.
- 15, 16**: Small components, possibly clips or spacers, near the bottom of the mounting bracket.

[illegible]

This exploded view diagram illustrates the components of a car door lock assembly. The parts are numbered as follows:

- 1**: The main door lock body.
- 2**: The internal actuator mechanism.
- 3**: The door handle.
- 4**: A small pin or clip used for the handle.
- 5**: A small pin or clip used for the handle.
- 6**: A screw used to secure the actuator to the door.
- 7**: Two screws used to secure the handle to the door.

[illegible]

This diagram illustrates the assembly of a boat hull using four main components and various fasteners. The components are labeled as follows:

- 1**: A small, curved triangular piece, likely a bow or stern cap.
- 2**: A large, central hull section with a complex, curved shape.
- 3**: A large, curved section, likely the transom or stern.
- 4**: A small, curved piece, likely a bow or stern cap.

The fasteners used are labeled as follows:

- 5**: Screws or bolts used to secure the components to the hull.
- 6**: Screws or bolts used to secure the components to the hull.

The diagram shows the following assembly details:

- Component **1** is secured to the hull with two screws (**5**).
- Component **2** is secured to the hull with two screws (**5**) and six screws (**6**).
- Component **3** is secured to the hull with two screws (**5**) and one screw (**6**).
- Component **4** is secured to the hull with one screw (**5**).

[illegible]

This exploded view diagram illustrates the assembly of a car bumper. The components are labeled as follows:

- 1**: Bumper cover (top)
- 2**: Bumper cover (bottom)
- 3**: Bumper reinforcement plate
- 4**: Bolt
- 5**: Washer
- 6**: Bolt
- 7**: Washer
- 8**: Bumper reinforcement plate
- 9**: Bumper reinforcement plate
- 10**: Bolt

[illegible]

[illegible]

This diagram shows an exploded view of a mechanical assembly. The main component is a long, curved arm (1) with a handle at one end and a mounting bracket at the other. The handle has three circular features (3) and a slot (7). The mounting bracket has three rectangular features (6) and a circular feature (2). A separate component (4) is shown at the top right, with a circular feature (5) and a slot (7). A separate component (8) is shown at the bottom left, with a circular feature (9) and a slot (7). The diagram includes dashed lines indicating the assembly path and alignment of the components.

[illegible]

This exploded view diagram illustrates the assembly of a wheel. The components are numbered as follows:

- 1**: Tire
- 2**: Wheel rim
- 3**: Hub nut
- 4**: Hub washer
- 5**: Hub nut
- 6**: Hub pin
- 7**: Hub pin
- 8**: Hub pin
- 9**: Hub pin
- 10**: Hub pin
- 11**: Hub pin
- 12**: Hub pin

[illegible]

FIGURA N° 37: RUEDA TRASERA (2/2)

This exploded view diagram illustrates the assembly of a mechanical component, likely a spring-loaded latch or actuator. The parts are numbered 1 through 9:

- 1:** A long, cylindrical component, possibly a spring or a shaft.
- 2:** A small, cylindrical pin or bush.
- 3:** A coiled spring.
- 4:** A small, rectangular block or bush.
- 5:** A small, circular component, possibly a washer or a cap.
- 6:** A curved, L-shaped bracket or arm.
- 7:** A small, rectangular block or bush.
- 8:** A small, cylindrical pin or bush.
- 9:** A small, rectangular block or bush.

The diagram shows the following assembly sequence:

- Part 1 is inserted into part 4.
- Part 2 is inserted into part 1.
- Part 3 is inserted into part 1.
- Part 5 is inserted into part 1.
- Part 6 is inserted into part 1.
- Part 7 is inserted into part 1.
- Part 8 is inserted into part 1.
- Part 9 is inserted into part 1.

[illegible]

This diagram illustrates the assembly of a shock absorber. The components are numbered as follows:

- 1**: Shock absorber body
- 2**: Upper mounting nut
- 3**: Upper mounting plate
- 4**: Upper mounting bolt
- 5**: Lower mounting bolt
- 6**: Lower mounting nut
- 7**: Lower mounting plate

The diagram shows the shock absorber body (1) being attached to the lower mounting plate (7) using the lower mounting bolt (5) and nut (6). The upper mounting plate (3) is attached to the upper mounting bolt (4) and nut (2). The shock absorber body (1) is also shown with the upper mounting plate (3) attached to its top end.

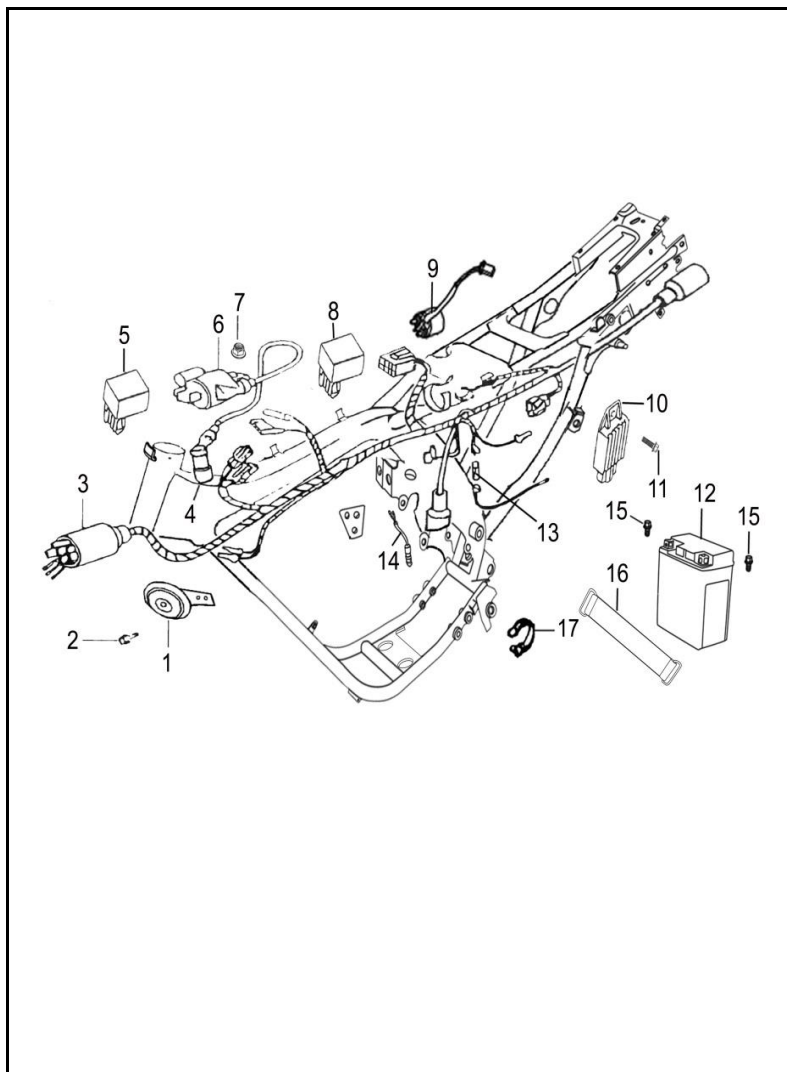

[illegible]

This diagram illustrates the exploded view of a car door latch assembly. The main component is the door latch body (1). Key sub-assemblies and parts include:

- Door Latch Body (1):** The central component that houses the internal mechanism.
- Door Latch Bolt (2):** The bolt that extends from the latch body into the door frame.
- Door Latch Bolt Guide (3):** A guide for the bolt's movement.
- Door Latch Bolt Spring (4):** A spring that provides tension to the bolt.
- Door Latch Bolt Pin (5):** A pin that secures the bolt assembly.
- Door Latch Bolt Pin Nut (6):** A nut that threads onto the pin to secure it.
- Door Latch Bolt Pin Washer (7):** A washer that sits between the pin and the nut.
- Door Latch Bolt Pin Lock (8):** A lock that prevents the pin from being removed.
- Door Latch Bolt Pin Lock Nut (9):** A nut that threads onto the lock pin.
- Door Latch Bolt Pin Lock Washer (10):** A washer that sits between the lock pin and the nut.
- Door Latch Bolt Pin Lock Pin (11):** A pin that secures the lock assembly.
- Door Latch Bolt Pin Lock Pin Nut (12):** A nut that threads onto the lock pin.
- Door Latch Bolt Pin Lock Pin Washer (13):** A washer that sits between the lock pin and the nut.

[illegible]

FIGURA N° 41: INSTALACION ELECTRICA

[illegible]

This exploded view diagram illustrates the assembly of a car headlight. The components are numbered as follows:

- 1**: The main headlight housing.
- 2**: A small screw used to secure the lens.
- 3**: A larger screw used to secure the lens.
- 4**: A small washer or spacer.
- 5**: A long, thin mounting arm or bracket.
- 6**: The headlight lens.
- 7**: A circular mounting plate or gasket.
- 8**: A larger circular mounting plate or gasket.

The diagram shows the lens (6) being secured to the housing (1) with screws (2) and (3) and washer (4). The housing (1) is then mounted to the vehicle body using the mounting arm (5) and plates (7) and (8).

[illegible]

This diagram illustrates the exploded view of a car door handle assembly. The components are labeled with numbers 1 through 5:

- 1**: Two screws used for mounting the handle to the door panel.
- 2**: The main door handle body.
- 3**: The door panel or inner trim piece.
- 4**: Two screws used to secure the handle to the door panel.
- 5**: A small circular component, likely a pin or spacer, used in the assembly.

[illegible]

FICHA TÉCNICA VICTORY ONE ST 110 SILVER

CARACTERISTICA	UNIDAD
Motor	4 Tiempos, Monocilíndrico Refrigerado por Aire
Diámetro x Carrera	50 x 55.5 mm.
Indicé de Compresión	9.8:1
Potencia Máxima	8.04 HP @ 7500 RPM
Torque Máximo	8 NM @ 6500 RPM
Bujía	CR8E
Arranque	Eléctrico y Pedal
Transmisión	Mecánica, 4 Velocidades
Sistema de Alimentación	Carburador
Refrigeración	Aire Forzado
FRENOS	
Freno Delantero	Disco
Freno Trasero	Campana
SUSPENSION	
Suspensión Delantera	Telescópica, Hidráulica
Suspensión Trasera	Doble Amortiguador
CAPACIDAD DEL TANQUE	
Lleno	13 Litros (3.43 Gal.)
Combustible	Gasolina
LLANTAS	
Llanta Delantera	2.75-18
Llanta Trasera	3.00-18
Rines	Aspas
SISTEMA ELECTRICO	
Bombillo Farola	12V-35/35W
Luz de Stop	12V-21/5W
Luces Direccionales	12V-10W
Velocímetro	Análogo - Digital
Batería	12V-6.5AH
Sistema de Ignición	C.D.I
DIMENSIONES	
Largo x Ancho x Alto	2080 mm x 760 mm x 1100 mm
Distancia Entre Ejes	1320 mm.
Altura al Piso	160 mm.
Peso en Seco	120 Kg.
