PREFACIO

Es nuestro placer presentarles a ustedes el Catálogo de Partes.

Este Catálogo ha sido especialmente diseñado para ayudarle en la selección de las partes correctas con el fin de mantener el vehículo en las mejores condiciones.

Los repuestos originales están sujetos a un exigente estándar de control de calidad, por lo tanto es necesario que usted sólo use repuestos originales.

En nuestro constante esfuerzo para mejorar la eficiencia y desempeño de su vehículo, las especificaciones, diagramas y número de partes pueden cambiar sin previo aviso. Consecuentemente las descripciones de los repuestos en este Catálogo pueden no ser las finales y definitivas.

Las alteraciones y modificaciones que ocurren en la impresión de este Catálogo, serán informadas a nuestra red, a través de circulares de Servicio o en nuestra página web: www.autecomobility.com accediendo al link repuestos. Es requisito que usted actualice su Catálogo y haga las correcciones necesarias, una vez reciba dichas circulares. Lo anterior le asegurará un rápido y adecuado despacho de sus partes, pues las órdenes están siendo diligenciadas con las referencias más actualizadas.

En caso de necesitar asistencia técnica, comunicarse con el Distribuidor Autorizado o llamar al Departamento de Servicios Auteco Mobility.

PROPIEDADES BENEFICIOS &

- **Buena protección contra el desgaste**
Ayuda a prolongar la vida útil del motor.
- **Estabilidad térmica y contra la oxidación**
Ayuda a mantener los motores limpios para proporcionar una operación más suave, posibilitando la extensión de frecuencia de cambios de aceite.
- **Buena protección contra la corrosión**
Protege los componentes críticos del motor contra los ácidos de la combustión y la humedad.

Recomendado para las motocicletas
con viscosidad **20W-50**

This diagram shows an exploded view of a mechanical assembly, likely a gearbox or transmission. The components are numbered 1 through 44. The assembly is organized into several sub-assemblies, each highlighted by a dashed rectangular box. The main shaft (43) runs through the center, with various gears (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22) mounted on it. Other components include bearings (11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22), seals (38, 39), and a final output shaft (41) with a bearing (40). The diagram is a technical drawing showing the relative positions and assembly sequence of the parts.

11

This diagram illustrates the exploded view of a mechanical assembly, with components numbered 1 through 19. The parts are distributed as follows:

- Top Assembly (12-16):** A long shaft (12) with a flange at one end. At the other end, it features a series of rollers or guides (14, 15, 16) held together by a spring (14).
- Intermediate Components (8-11):** A long rod (9) and a shorter rod (8). Three U-shaped brackets (10, 11, 11) are shown, which appear to be designed to hold the rods in place.
- Bottom Assembly (1-7):** A central cylindrical component (7) with a star-shaped flange (6) and a bolt (5) on top. A small pin (17) is also shown. To the left, there is a small bolt (1), a washer (2), and a curved bracket (3). A spring (4) is shown below the bracket.
- Right Assembly (13-19):** A complex assembly on the right side, including a bolt (18), a nut (19), and a large, multi-faceted component (13) that appears to be a valve or a connector.

[illegible]

13

This diagram shows an exploded view of a mechanical assembly. The components are numbered as follows:

- 1**: Two small cylindrical pins or fasteners.
- 2**: A cylindrical motor or actuator unit with a mounting bracket on the side and a threaded shaft on the front.
- 3**: A long, thin cylindrical shaft or tube.
- 4**: A small circular washer or spacer.
- 5**: A small gear or pinion.
- 6**: A larger gear or pinion.
- 7**: A large gear or flywheel with many teeth.

The diagram illustrates how these parts fit together, with the motor (2) driving the large gear (7) through a series of intermediate gears (5 and 6).

[illegible]

This diagram illustrates the exploded view of a rear wheel cylinder assembly. The components are numbered as follows:

- 1**: Two mounting bolts.
- 2**: A mounting bracket or flange.
- 3**: The main wheel cylinder body.
- 4**: A connecting rod or lever arm.
- 5**: A small cylindrical component, likely a pin or seal.
- 6**: A long, thin rod or pin.
- 7**: A curved component, possibly a return spring or lever.
- 8**: The lower reservoir or housing of the cylinder.
- 9**: A small pin or bolt.
- 10**: A longer pin or bolt.
- 11**: A small pin or bolt.

[illegible]

This diagram shows an exploded view of a motorcycle frame assembly. The main frame is a large, complex metal structure. Various components are shown in their relative positions, indicated by numbered callouts: 1. A set of three horizontal bars on the right side. 2. A long, thin vertical bar on the left side. 3. A small, dark, rectangular component below the vertical bar. 4. A small circular component to the left of the vertical bar. 5. A small, curved component below the vertical bar. 6. A set of three horizontal bars on the left side. 7. A set of three horizontal bars in the center. 8. A small, dark, rectangular component above the vertical bar. 9. A small circular component above the vertical bar. 10. A set of three horizontal bars on the right side, below the first set.

This diagram illustrates the exploded view of a bicycle seat assembly. The components are numbered as follows:

- 1**: A small metal bolt.
- 2**: A small metal washer or spacer.
- 3**: A small metal bolt.
- 4**: A long, curved metal seat post.
- 5**: A small metal bracket or clamp.
- 6**: A long, curved metal seat post with a loop at the top.
- 7**: A small metal bolt.
- 8**: A small metal washer or spacer.
- 9**: A small metal washer or spacer.
- 10**: A small metal bolt.

FIGURA N° 29: SWICHE DE ENCENDIDO

[illegible]

This diagram illustrates the assembly of a vehicle chassis component, likely a rear suspension or steering knuckle. The main assembly is shown in the center, with various parts numbered 1 through 11. The components include:

- 1:** Two long bolts or screws used for securing the top of the assembly.
- 2:** Two small circular washers or spacers.
- 3:** Two larger circular washers or spacers.
- 4:** A coiled spring component.
- 5:** A black plastic or metal bracket with multiple mounting points.
- 6:** A small bolt or screw.
- 7:** A small circular washer or spacer.
- 8:** A long, thin rod or pin.
- 9:** Two small circular washers or spacers.
- 10:** Two small circular components, possibly bushings or spacers.
- 11:** The main structural frame or knuckle assembly.

[illegible]

This diagram illustrates the exploded view of a chainsaw head assembly. The components are numbered as follows:

- 1**: Upper guide bar housing with mounting holes.
- 2**: Lower guide bar housing with mounting holes.
- 3**: Trigger guard.
- 4**: Screws for the upper guide bar housing.
- 5**: Washers for the upper guide bar housing.
- 6**: Screws for the lower guide bar housing.
- 7**: Screws for the trigger guard.
- 8**: Washers for the trigger guard.
- 9**: Drive sprocket gear.
- 10**: O-ring.
- 11**: A red-bordered box containing a diagram of the assembled chainsaw head and a photograph of the assembled head, with a leader line pointing to the assembly.

[illegible]

FIGURA N° 32: FAROLA - CARENAGE FAROLA

[illegible]

This diagram illustrates the exploded view of a motorcycle instrument cluster assembly. The components are numbered 1 through 11:

- 1**: The main instrument cluster housing, featuring a digital display showing speed (164 km/h), odometer (125430 km), and other indicators.
- 2**: A small black plastic bracket or clip.
- 3**: A black plastic bracket or clip, similar to part 2 but with a different shape.
- 4**: A large, complex black plastic bracket that serves as the main mounting structure for the cluster.
- 5**: Three small black plastic clips or pins used for internal assembly.
- 6**: Two small black plastic clips or pins.
- 7**: A small black plastic clip or pin.
- 8**: Two small black plastic clips or pins.
- 9**: A small black plastic clip or pin.
- 10**: Three small black plastic clips or pins.
- 11**: Three small black plastic clips or pins.

37

This diagram illustrates the exploded view of a car's front suspension assembly. The components are labeled with numbers 1 through 7:

- 1**: A pair of lower control arms.
- 2**: A pair of upper control arms.
- 3**: A left-side wheel assembly.
- 4**: A right-side wheel assembly.
- 5**: A left-side lower control arm.
- 6**: A right-side lower control arm.
- 7**: A set of four wheel hub bearings.

38

FIGURA N° 35: CUBIERTA SILLIN

[illegible]

This diagram shows the exploded view of a motorcycle headlight assembly. The components are labeled as follows:

- 1**: Four screws for the headlight housing.
- 2**: Four screws for the headlight housing.
- 3**: A blue plastic bracket or support.
- 4**: The main black plastic headlight housing.
- 5**: A single screw for the headlight housing.
- 6**: A small circular component, likely a lens or seal.
- 7**: Another small circular component, likely a lens or seal.
- 8**: A small rectangular component, likely a switch or indicator.

[illegible]

This diagram shows an exploded view of a mechanical assembly. The components are numbered as follows:

- 1:** A small rectangular plate.
- 2:** A large, complex main housing or bracket.
- 3:** A base plate with two mounting tabs.
- 4:** Four small rectangular components.
- 5:** A single washer or spacer.
- 6:** Four circular components, likely washers or spacers.
- 7:** Four screws or bolts.
- 8:** Two screws or bolts.
- 9:** Five circular components, likely washers or spacers.
- 10:** Three circular components, likely washers or spacers.
- 11:** A large, complex component, possibly a motor or actuator, with multiple mounting points.

[illegible]

This diagram illustrates the components of a motorcycle headlight assembly. The main assembly is shown in a perspective view, with individual parts listed below it. The parts are numbered as follows:

- 1**: The main headlight housing and lens assembly.
- 2**: A small cylindrical component, likely a bulb or socket.
- 3**: Two circular mounting brackets.
- 4**: Two small rectangular components, possibly spacers or washers.
- 5**: Two circular mounting brackets.
- 6**: A black plastic component, likely a switch or relay housing.
- 7**: Two small circular components, possibly screws or washers.
- 8**: A small cylindrical component, likely a bulb or socket.
- 9**: Two small circular components, possibly screws or washers.
- 10**: A black handlebar grip with a silver-colored mounting bracket.
- 11**: A black handlebar grip with a silver-colored mounting bracket.
- 12**: A black handlebar grip with a silver-colored mounting bracket.
- 13**: A black handlebar grip with a silver-colored mounting bracket.

[illegible]

Diagram 1 shows a cable with a braided shield and a connector. Diagram 2 shows a cable with a braided shield and a connector.

[illegible]

This diagram illustrates the components of a car stereo system, numbered 1 through 17. The components are as follows:

- 1:** A bundle of cables, including a long black cable with a connector, a shorter black cable, and a small white cable.
- 2:** A black rectangular control unit with a cable attached.
- 3:** A dashed rectangular box enclosing components 1 and 2.
- 4:** A circular black speaker with a mounting bracket.
- 5:** A small black screw.
- 6:** A small black rectangular component.
- 7:** A black rectangular component with a mounting bracket.
- 8:** A black circular component with a cable attached.
- 9:** A black cable with a connector.
- 10:** A dashed rectangular box enclosing components 9 and 10.
- 11:** A small black component with a mounting bracket.
- 12:** A black rectangular component with a mounting bracket.
- 13:** A dashed rectangular box enclosing components 14, 15, 16, and 17.
- 14:** A black rectangular component with a cable attached.
- 15:** A black mounting bracket.
- 16:** A black mounting bracket.
- 17:** A small black component with a mounting bracket.
